

**A little April Fools' Day Fun...**

**time to get  
casual for a cause!**

**You may not know about Rett Syndrome, but we are ready to help out!**

**Rett Syndrome is the most severe of the autism spectrum disorders and it predominantly affects girls. There approximately 30,000 girls and women afflicted in the US alone.**

**It is a devastating neurological disorder which robs girls of all speech, functional hand use and the ability to walk.**

**They are mentally aware and are living their lives trapped!**

**Recent research proves it is reversible. Now is the time to help this cause. Rett Syndrome could be the first curable brain disorder!**

**Proceeds benefit research:
